

### WG 1, Harmonized biometric vocabulary

1. Document concepts, terms and definitions to be used throughout SC37 International Standards, interacting as needed, with other SC 37 WGs.
2. Articulate concepts, terms and definitions based on appropriate ISO/IEC standards for the development of ISO terminology.
3. Identify sources of terms and definitions for possible use in an SC37 vocabulary (e.g., those drawn from existing standards, as well as other sources).
4. Minimize ambiguity in terms and definitions in SC37 Standards arising from differences in cultures and languages.
5. Identify and enlist the support and participation of experts to promote and progress the objectives and activities of SC 37/WG 1.
6. Develop a standard on biometric vocabulary based on the concepts, terms and definitions developed in SD 2 and to be proposed as a part of the ISO 2382 multi-part standard.
7. Serve as a source of expertise in this field to other WGs of SC 37. Support SC 37's goals by responding in a timely fashion to requests pertaining to the area of expertise in biometric vocabulary initiated by SC 37, its WGs or other organizations such as JTC 1 SCs, ISO TCs and other SC 37 Liaison organizations.
